EDUCATION

DIT University :- 7.59 CGPA

Bachelors in Technology in Computer Science and Engineering

Dehradun, Uttarakhand

Aug. 2020 – May 2024

St. Pauls Senior Secondary School :- 8.1 CGPA

Schooling

Haldwani, Uttarakhand

Aug. 2012 – April 2020

EXPERIENCE

Full Stack Developer

Kiikan Analytics

August 2024 – Present

Remote, India

- Engineered meeting and event scheduling features using Google Calendar APIs in Waply, a productivity tool, leveraging prompt engineering to extract user intent from WhatsApp messages for seamless scheduling and integration.
- Integrated Stripe payment gateway to implement a tiered pricing model, managing free message limits and enabling monetization strategies for enhanced user engagement and retention.
- Designed and developed dynamic UI components using Next.js, performed database operations with MongoDB, and led the creation of a robust PostgreSQL database schema for a fintech product to ensure scalability and security.

Software Engineer

Spur Fit

November 2023 – April 2024

Bangalore, India

- Implemented full-stack features, including creating custom APIs and database table creation and migration.
- Collaborated on UI/UX design with Figma, delivering innovative web solutions.
- Contributed to a large-scale MERN codebase, developing client-demand features and deploying them in real-time.

Developer Intern Level 2

Koders

May 2022 – September 2022

Dehradun, Uttarakhand

- Developed commercial e-commerce and portfolio websites in a team using React, JavaScript, and Firebase.
- Designed customized components like, hero sections, testimonials, etc using Figma for clients' business apps.
- Worked on version control for continuous deployment of the codebase to the repository.

PROJECTS

Sheet Genie Web App | HTML, JavaScript, CSS

April 2024

- Developed SheetGenie, a feature-rich Excel clone, using JavaScript, HTML, and CSS to create a responsive, user-friendly spreadsheet application.
- Implemented advanced data manipulation functionalities including formula parsing, cell formatting, and real-time data validation to enhance user productivity.

Quizeria Quiz App | JavaScript, Node.js, React.js, Bootstrap

September 2023

- A full-stack React.js quiz app with 15 timed questions sourced from an API.
- Features include email submission, question navigation, and a report page..
- Ideal for educational assessments, job interviews, or casual quizzes.
